## SUMMARY

3rd-year Computer Science student at Epitech Benin with a passion for cybersecurity and web/software development. My academic training has provided me with solid expertise in programming fundamentals including C, C++, and Python. Through comprehensive academic coursework enriched with hands-on projects, I have developed strong technical skills that I aim to further enhance through new challenges.

## SKILLS

- **Programming Languages:** C, C++, Python, JavaScript, Assembly x86\_64, React
- **Frameworks and Tools:** React, Vite, Docker, WordPress, Ansible, Jenkins
